Thanks to you both. This is a good outline and is consistent with the conversation with Jared.

Looping in Julia and SEMD’s DDT/SoCal experts to move forward on outline for a joint EPA/CalEPA/NOAA op-ed. CalEPA okays the plan Debbie Jordan suggested yesterday: we draft a rough outline, then share with CalEPA to gather Jared’s thinking, then loop in NOAA. Julia will take point for OPA.

Here are initial thoughts to get work started, from the Enrique/John/me/Debbie meeting yesterday:

Subject: Notes on joint op-ed

Deborah thinks it's good idea

Enrique/DJ like NOAA joining CalEPA/EPA

June 8 is a false deadline

We will get outline ok'd between us and CalEPA, then over to NOAA

Also...joint EPA-NOAA fact sheet later; will elaborate on message from op-ed
